General Provisions
Penn State Behrend’s traffic and parking regulations are designed to accomplish three objectives:

- To provide for the efficient use of parking space and the orderly flow of traffic
- To protect the safety and security of persons and property
- To ensure consistent and fair representation of the needs of the entire campus community

All provisions of the Vehicle Code of the Commonwealth of Pennsylvania must be enforced. Provisions of these regulations are in effect at all times, unless otherwise announced.

All vehicles are subject to these regulations. The operator is responsible for knowing the regulations and for informing others who operate vehicles on campus on his or her behalf. Any parking violations, regardless of who is driving, shall be the responsibility of the registrant.

Students, whether they reside on or off campus, and faculty and staff members must register their vehicles with the Penn State Behrend Office of Police Services if their vehicles will be driven or parked on campus at any time. Visitors to campus are encouraged to obtain a guest pass from the Office of Police Services prior to driving or parking their vehicles on campus.

Each parking permit is registered to a person, not his or her vehicle. Only one motor vehicle can be used on campus in conjunction with the parking permit at any given time.

Regulations
Traffic and parking regulations are enforced 24 hours a day.

Authority

100
The Pennsylvania Administrative Code, Section 2416 (a), allows Penn State Behrend to have campus police officers who may possess and exercise all the powers of a police officer in this Commonwealth in and upon the property of the college.

101
Section 6113 (b) of the Vehicle Code of the Commonwealth of Pennsylvania permits Penn State Behrend to control public travel in and upon its property with traffic-control devices.
Section 6109 of the Vehicle Code of the Commonwealth of Pennsylvania provides for the officials of a university or college to establish rules and regulations concerning traffic-control and parking.

As indicated in Section 6109 (b) the officials of a university or college can appoint someone to review all requests for traffic-control devices and then adopt appropriate ordinances for the required traffic-control devices.

General traffic regulations can be approved by the officials of a university or college for the posting of specific traffic control devices.

Jurisdiction for enforcing all parking violations, parking permits, payment of fines, and traffic committee business shall be under the direction of the Penn State Behrend Director of Operations.

Appeals of parking violations shall be under the jurisdiction of the appropriate Student or Faculty/Staff Appeals Board.

An appointed Traffic Committee shall review the rules and regulations and existing conditions, and make recommendations to Penn State Behrend concerning general traffic ordinances.

Registration of Vehicles

300 Registration of Vehicles
All motor vehicles possessed, maintained, or operated at Penn State Behrend by any student, faculty, or staff member shall be registered with the Office of Police Services. All registered vehicles shall bear a parking permit, which shall be hung from the interior rear view mirror, indicating the areas in which the vehicle may be parked (i.e. commuter, resident, faculty/staff lots).

Parking permits cannot be sold or loaned to another person.

Student semester parking permits must be obtained by registering online. The parking permit web page can be accessed through the
Penn State Behrend home page (behrend.psu.edu). Go to Current Students and select Parking. Your parking fee will be placed on your student account. Your parking permit will be available for pick up at the Police Services Office (Erie Hall).

Students shall register their vehicles for the semester no later than one week after the start of classes.

Any person who receives a parking ticket for not registering their vehicle and appears at the Office of Police Services within ten (10) days of the violation shall have the parking ticket reduced to Improper Display if they:

- Immediately register their vehicle
- Have only one parking ticket for non-registration

Faculty and staff members shall register their vehicle within one week of the first day of their employment.

Students, faculty, and staff members generally may register those vehicles that are owned by them or their immediate families, including leased and company-owned vehicles. To register a vehicle not owned by the registrant, that person shall bring with them a notarized statement from the owner of the vehicle giving permission to use the vehicle and register it with Penn State Behrend.

Changes of license plate number, name, address, or telephone number shall be reported to the Office of Police Services within ten days of such change.

A provisional parking permit may be issued to students, faculty and staff who have suffered a temporary physical injury. A doctor’s excuse stating the need for this permit is required prior to issuance. The provisional parking permit allows the driver to park in commuter and resident student parking lots, the lower Reed Lot and the Parking Deck. This provisional permit does NOT allow the driver to park in any handicapped parking space, in spaces marked as tow away zones nor to violate any University parking regulations. This permit will expire three (3) weeks from the date of issue. Should the injury require additional time to heal, it is the driver’s responsibility to obtain a temporary handicapped parking permit from PennDOT. The provisional parking permit may not be renewed. All students, faculty and staff requesting a provisional permit must possess a valid Penn State Behrend parking permit.

301 Permits

- Permits shall be displayed on any vehicle operated by the person to whom the permit was issued.
- Permits not properly displayed shall be deemed invalid.
• Temporary permits are not transferable from one vehicle to another.
• Permits shall be hung from the interior rear view mirror with the permit numbers facing the front of the vehicle so that the entire permit number is clearly visible.
• Blue permits are for resident students.
• Green permits are for commuter students.
• Faculty/staff permits are determined by the employment status of the faculty or staff member.
• Permits are hanging tags assigned to the registrant and not the vehicle. These permits may be transferred to another motor vehicle being used by the registered student or faculty/staff member. Those forgetting to transfer their permits shall obtain a temporary permit from the Office of Police Services.
• Drivers of motorcycles or other motorized vehicles shall contact the Office of Police Services for information as to permit display.
• Student Evening Permits - Commuter students may purchase semester evening parking permits that are valid from 4:00 p.m. until 6:00 a.m. These permits are valid only in parking lots designated for commuter student parking.
• Temporary Permits - Students are issued temporary permits for a period not to exceed two weeks. Each pre-numbered permit shall designate the expiration date and the area where the vehicle shall be parked. These permits are sold at a cost of $4.00 per day. Faculty and staff temporary permits are available at the Police Services Office for $4.00 per day.
• Visitor Permits - Visitors are required to display a permit. A visitor permit may be obtained from the Office of Police Services. There is no cost for a visitor permit.

302 Costs

• The cost of student permits may be obtained from the Office of Police Services.
• Faculty and Staff Permits – The cost is payroll deducted. Contact the Office of Police Services for the current price structure.
• Replacement Permits – The student, faculty, staff or affiliate must pay a processing fee of $25.00 for each permit reissued as a replacement for a lost or stolen permit.
• Purpose - The above provisions have been enacted to ensure that each motor vehicle at Penn State Behrend displays a current parking permit. In cases where multiple vehicles are covered under one registration, only one vehicle may be present on campus at a given time.

303 State Registration, Insurance, and Operator License
All motor vehicles on Penn State Behrend property shall be properly registered with the appropriate state.
Proof of current state registration and a valid operator’s license for the individual who will be driving the vehicle shall be provided at the time of registration.
Expiration, revocation, or suspension of state registration, operator’s license, or insurance automatically invalidates the Penn State Behrend motor vehicle registration. It shall be the responsibility of the registered individual to notify the Office of Police Services of all expirations, revocations, or suspensions.

304 Liability
The Pennsylvania State University assumes no responsibility or liability for loss or damage to any motor vehicle parked on Penn State Behrend property.

305 Civil Contract
All students, faculty, and staff of Penn State Behrend who register their motor vehicles are signifying their agreement with The Pennsylvania State University’s civil contract policy.
This contract permits unpaid penalties for parking violations to be placed on the student’s bill or deducted from the faculty or staff members pay in the amount of the appropriate fine plus a $3.00 processing fee.
This civil contract does not prevent a Commonwealth of Pennsylvania traffic citation from being issued.

306 Refunds
• Refunds for parking permits shall be granted on a prorated basis.
• The amount of the refund is determined by the price paid for the parking permit. The refund price may be obtained by contacting the Office of Police Services during normal business hours.
• The parking permits shall be returned in order to receive a refund.
• No refunds on temporary permits.

Towing

400 Towing
The University reserves the right to tow any illegally parked vehicle at the risk and expense of the owner.

The owner or other person in charge of possession of any property on which a vehicle is parked or left unattended in violation of the provisions of subsection (b) may remove or have removed the vehicle at the reasonable expense of the owner of the vehicle. Such person who removes a vehicle left parked or unattended in violation of the provisions of subsection (b) shall have a lien against the owner of the vehicle ...”

402 Procedure
• Any vehicle parked or left unattended in a manner that constitutes a traffic and/or safety hazard, is parked on or is blocking a sidewalk, is parked in a space that is reserved on a twenty-four hour basis, whose parking permit is suspended, or is parked in any location where notice is given, shall be towed immediately, without prior notice to the owner.

• Except as previously noted, before a vehicle is towed a reasonable attempt (including signs, verbal or written notices) shall be made to contact the owner.

• If the owner or operator of a vehicle cannot be contacted, the vehicle will be removed by the University at the owner’s expense.

• If a vehicle is towed, a reasonable attempt will be made to contact the owner or person having control of the vehicle by email or telephone within twenty-four (24) hours of the towing if they have not been in contact with the towing service provider.

• Towing charges shall be those set forth by the towing agent, and the owner shall be responsible for the towing charges.
403 Disabled Vehicles
